WELCOME TO TRIPOINT ACADEMY

Everything you need to know before your learner starts

We're excited to welcome your family to Tripoint Academy.

Tripoint Academy is a homeschool tutor centre for learners in **Grades 8–12,** providing a structured academic environment where learners receive personalised support, subject-specific assistance and individual attention.

We use the **Impaq CAPS-aligned curriculum,** with Tripoint providing the day-to-day academic support, tutoring, facilities and additional services that form part of your learner's experience with us.

This guide explains what is included, what you need to arrange before your learner starts, and how the Tripoint and Impaq registration processes work
.

YOUR MONTHLY FEES

Fee Type	Monthly amount
Tuition Fee — 1st learner	R4 530
Tuition Fee — 2nd learner	R4 310
Tuition Fee — 3rd learner onwards	R4 090
Two-way shuttle	R1 720
One-way shuttle	R1 150

Sibling discounts

We offer a 5% discount on tuition fees for the second learner in the same family and another 5% discount for the third learner onward.
The discounted amounts have been rounded to make monthly billing simple.

Please note: sibling discounts apply to tuition fees only. Shuttle fees remain the same per learner.

ONCE-OFF REGISTRATION FEE

A once-off **R1200** registration fee is payable when registering a new learner with Tripoint Academy.

This covers the administration and setup required to get your learner fully registered and ready to start at Tripoint, including setting up their academic and administrative information and preparing everything required for their enrolment.

As part of registration, Tripoint will also provide the learner, once-off, with any required subject-specific extras that they do not already have, where applicable.

Examples may include:

- Scientific calculator
- EGD board
- Other required subject equipment or materials

Laptops are not included and must be provided by the parent where required for the learner's subjects.

WHAT IS INCLUDED IN YOUR TUITION FEES?

Your monthly Tripoint tuition fee includes much more than simply a place for your learner to work.

What's included in your monthly fee — no hidden extras

- **Small-group tutoring (1 tutor to 8 learners)** — real personal attention, not a lecture hall. Tutors know exactly where each learner is struggling.

- **All subject materials & task extras** — included. You don't get billed separately every time a task needs extra resources.
- **Oral assessments, including external oral marking** — included at no extra charge.
- **Qualified exam invigilation** — included, no extra charge.
- **Extra academic & learner activities (Skills Development Program)** — included as part of your learner's experience, not an upsell.
- **Full use of our learning facilities** — a proper, structured space to work in every day, not just a room with a desk.
- **Printing for academic needs** — included, no "bring your own printing money" surprises.
- **All the admin and academic management** — we work through Impaq and manage the day-to-day academic admin, so parents don't have to chase it.
- **Individual attention, not just academics** — learners are known by name, not a number. Tutors work with each learner's personality, not a one-size-fits-all approach.

Optional add-on (not included in the base fee)

- **Shuttle service** — licensed driver with a valid PDP, pick-up at the point most convenient for your family, live location tracking so you can follow the trip, and all running costs (fuel included) covered in the fee. Available one-way or two-way.

OPERATING HOURS

Tripoint Academy operates during the following hours:

Monday – Thursday	**Friday**
08:00 – 14:00	08:00 – 13:00

SHUTTLE TRANSPORT

Tripoint offers transport to and from the centre for learners within our designated transport routes.

Two-way transport	**One-way transport**
R1 720 per month	R1 150 per month

The shuttle fee is a fixed monthly fee based on the learner having a reserved place on the transport route.

This means the fee remains the same whether the learner uses the shuttle every day, occasionally, or only once during a particular month. The fee is not calculated per individual trip.

This allows us to plan routes, reserve space for learners and maintain the transport service throughout the year.

IMPAQ REGISTRATION

Alongside registering with Tripoint, your child will also need to be registered with Impaq Homeschool. Tripoint provides the daily tutoring and academic support, while Impaq provides the curriculum, books, and assessments. This means there are two separate registrations to complete, and two separate fees.

IMPORTANT: REGISTER WITH IMPAQ HOMESCHOOL

When registering your learner with Impaq, you must register them with:

IMPAQ HOMESCHOOL, NOT Impaq Online School.

Tripoint Academy makes use of Impaq Homeschool. Your learner's Impaq registration and Tripoint registration are therefore two separate parts of the enrolment process.

SELECT TRIPOINT ACADEMY AS YOUR TUTOR CENTRE

During the Impaq Homeschool registration process, you will be asked to select your tutor centre.

At STEP 12: SELECT: TRIPOINT ACADEMY

This is extremely important.

Selecting Tripoint Academy as the learner's tutor centre allows us to access the learner's profile and work with their information through the relevant Impaq systems.

If you accidentally select the wrong tutor centre, please contact us so that we can assist you with correcting it.

TRIPOINT FEES AND IMPAQ FEES ARE SEPARATE

It is important to understand that your Tripoint fees and your Impaq fees are separate.

You pay Tripoint Academy for:

- Academic support and tutoring
- Tripoint facilities and services
- Included subject extras
- Printing and other included services
- Transport, if selected

You pay Impaq for:

- Your learner's Impaq Homeschool registration
- Curriculum, books and assessments
- Respective Impaq academic services

Parents are responsible for completing and maintaining their learner's Impaq registration.

BEFORE YOUR LEARNER STARTS

YOUR FINAL CHECKLIST

TRIPOINT

☐ Registration completed

☐ R1200 registration fee paid

☐ Monthly tuition fees arranged

☐ Transport selected, if required

☐ Parent agreement form completed (provided upon successful registration)

IMPAQ

☐ Registered with Impaq Homeschool

☐ Correct grade selected

☐ Correct subjects selected

☐ Tripoint Academy selected as Tutor Centre at Step 12

☐ Impaq Tutor Linking Form completed (provided upon successful registration)

LEARNER

☐ Required documentation submitted

☐ Laptop provided if required for subjects

☐ Existing subject equipment brought where applicable

We know that choosing the right learning environment for your child is an important decision.

At Tripoint, our goal is to provide a focused academic environment where learners receive the support they need, while still being recognised as individuals.

We don't just teach. We help every learner reach their peak.

Welcome to Tripoint Academy.
